Tree Trimming

Since Specification Section 2.1400 Bid Evaluation says:

The lowest responsible bidder will be determined, as follows:

- a. Contract price for bid evaluation purposes will be the hourly bid price. Note, the crew bid price to be all inclusive, i.e. labor, overheads, supervision, equipment, disposal costs, fees, licenses, etc., all to be included;

and Specification Section 6.10 Crews and Equipment

- a. 'Street Crew' consisting of two or three crew per discretion of Contractor and equipped with chipper, insulated aerial boom with dump body and incidental power and hand tools.

Our crew bid price is \$68.83/hour

The Page 3.2 Tree Trimming lists our respective prices per hour for after hour emergency work figuring it at 1 1/2 times labor hourly rate.

If Double Time work is required the overhead & add on rate is 388%

The Bid Proposal sheet that apparently is asking for a total lump sum containing our projected total cost over a several year period to prune all of the trees in the park. This lump sum is our estimation for budgetary purposes.
